STALICO® Solid

Robust 6.9 m camera mast — built for tough sites

Mast extended to 6.9 m

STALICO® Solid is a new generation of mobile, compact camera mast with a more solid structure than our other models. Anti-climb protection and a reinforced cable chain make it highly resistant to vandalism and theft. Its dimensions are designed for maritime (container) transport, and it is fully personalised to carry the branding of your organisation.

BENEFITS

- Reinforced structure and cable chain
- Anti-climb protection against vandalism and theft
- Sized for maritime transport
- Integrated solar panels and fuel cell possible
- Fully personalised in your corporate identity
